NETWORKING ACTIVITIES

GPD is popular for organizing events that make networking and getting new contacts very easy! For the 2019 conference, GPD will introduce new features to enhance interaction among all the participants.

- Day time activities: to include one on one meetings during lunch and coffee breaks
- Evening activities: to include get together party, Conference Dinner and the legendary Farewell party

A notable effect is that the evening activities occur under the midnight sun during this special time of the year.
