GLASS SOLUTION WITH PDLC TECHNOLOGY FOR SMART BUILDING

ABSTRACT

Smart glass is a hot issue among glass further processing sector. Smart architectural glass with PDLC technology is at a high speed growth period. This article will explain PDLC development trend from different perspective, include technology application, process classification, and a brief analysis of manufacture procedure, etc.

基于PDLC技术的智能建筑玻璃解决方案

智能玻璃是目前玻璃深加工行业的热点，基于PDLC技术的智能建筑玻璃处于高速增长期，本文从技术应用、工艺分类、制程浅析等方向阐述了PDLC智能玻璃的发展趋势
